#PRAYPEDALREPEAT®

Greetings,

THANK YOU for partnering with us to transform the lives of youth globally. If you are reading this handbook, it's because you have committed to joining us on one of our 2021 Bike Rides. Get ready for one of the best weeks of your life!

Ends of the Earth Cycling® exists to promote and resource global youth ministries. Peter Flax, former Editor of Bicycling magazine, said, "The bicycle can be an instrument, a weapon, a fashion statement, an extension of your body or a toy." The Ends of the Earth bike ride is an opportunity for you to use your bicycle as an instrument to bring glory to God. Through pedaling hundreds of miles, you are speaking up for those who cannot speak for themselves (Proverbs 31:8-9).

Through sharing stories, praying, and riding with us, you are raising awareness and funds for global youth ministry. In 2020, due to Covid, we had to postpone 4 out of our 5 cycling tours. Despite all the "CRAZY" in 2020 and by God's grace, \$123,000 was provided to promote and resource youth ministries in Romania, the Philippines, Cambodia, Ukraine and Bolivia. We also sent a team to serve and train ministry workers in India and Sri Lanka. We are so excited for what God has in store next.

After prayer and confirmation, we are excited to share with you that the Idaho Bike Ride (IDBR) in Summer 2021 will benefit global youth ministry in the Philippines, specifically the work being done through a ministry called Wipe Every Tear

God bless you as you "ride on" for His glory!

IN A NUTSHELL

The Idaho Bike Ride is a five day, 300 mile journey through Idaho to transform the lives of youth around the world with the power of the Gospel. This cycling tour brings together like-minded Christians to intentionally raise funds and awareness for global youth ministry. In addition to cycling, you will be a part of praying intentionally for the youth of the world while developing eternal friendships with those on your cycling team. Food for breakfast and lunch will be provided by our crew, and you will have your choice of staying in hotel accommodations (extra cost) or in the churches we will be at each evening. During the day, you will be challenged and stretched physically. In the evenings, there will be an opportunity for reflection and worship with all participants. Come with open and willing hearts to be molded by God and build relationships with people locally and globally.

NEW ENGLAND BIKE RIDE 2018

ENDS CYCLING POLICY

[FOR ADDITIONAL VEHICLES/FAMILY VEHICLES/SUPPORT STAFF]

Ends of the Earth Cycling's® primary concern is the safety of our cyclists. Cyclists often have family members who want to follow them for a day or more of our tour. Family members are welcome on EC tours, but are required to sit in on the safety briefing the day before the tour to learn how to safely cheer on the cyclists. Family vehicles should have "CAUTION CYCLISTS AHEAD" applied to the back window in vinyl. This is to maintain consistency with Ends Cycling SAG vehicles, whenever possible.

Ends Cycling requires support staff to utilize the leap-frog technique. This involves driving 2-5 miles ahead of the cyclists, pulling over in a parking lot or local business, and getting out of the vehicle to cheer on the cyclists and/or provide a safe space for them to rest. This process is repeated throughout the day.

In addition, vehicle drivers should not pull off in the shoulder of the road. Vehicle drivers should not block the bike lane. Vehicles should not block traffic or drive directly behind cyclists, especially on rural roads.

When passing a group of cyclists, vehicles should tap the horn in encouragement and pass as quickly and far to the left as possible. Vehicles should never pass cyclists on hilly roads. The "3-Foot Rule" should be used when passing cyclists on the road. This "3-Foot Rule" states that you should safely pass cyclists on the road, giving AT LEAST 3 feet between passing vehicles and cyclists, or as far left as possible.

Support and Gear

Support Staff are absolutely crucial to the success of our tours!

Ends of the Earth Cycling® tours are fully-supported events, meaning we take care of almost everything for our participants. Through taking photos, serving food, driving a support vehicle, fixing bikes, packing trailers, and more, Support Staff serve fellow team-members in whatever way they can and encourage them along the way.

NUTRITION

Breakfast and Lunch are provided as well as energy snacks along the ride.

Breakfasts include: Fresh fruit, bagels, peanut butter, jam, cream cheese, nuts, granola bars, coffee, and water. Perhaps even donuts!

Lunches include: bread, lunch meat, chips, fresh fruit, fresh veggies, protein bars, nuts, and other snack items.

Dinner plans are up to you. There are local places to enjoy each evening. We will have several options for you, varying from \$7.00 to \$25.00 per person. It might be a good idea to also bring extra food for snacks and energy boosts. We will be burning many calories over the course of the week and it is important to stay fueled with carbs and protein as well as drink plenty of water.

If you have any food allergies or dietary restrictions, please email khanneken@endscycling.com so we can try to accommodate your nutritional needs

SUPPORT AND GEAR (SAG)

Our rides could not happen without our incredible SAG crew. During a ride, a SAG vehicle is a welcome sight for fatigued cyclists and mechanical problems with your bike. If you are not a cyclist, you can support the riders in a very tangible way by becoming a SAG member. The SAG vehicle follows the riders and arrives at resting points early to offer food, water, biking equipment, encouragement, and prayer support. They are available in case of emergencies for quick roadside assistance.

SUPPORT FAQs

HOW MUCH MONEY DO I NEED TO RAISE?

As support staff you are encouraged, but not expected, to fundraise. If you do want to raise funds for the beneficiary, here are a few ideas:
www.endscycling.com/fundraisingtoolkit

CAN I BRING AN AIR MATTRESS?

Sure. We want you to be comfortable. Some of the locations we will be sleeping in have limited floor space, so we recommend you bring a mattress that fits your needs (please don't bring your California King size mattress).

CAN MY SPOUSE AND KIDS COME ALONG?

Absolutely. They just need to work out their own food, lodging and transportation. We love for families to get involved together! A parent is expected to be present during the whole week. Children 12 and under are free, and we recommend that children under age 15 participate in a Support Staff role.

WHAT WILL WE DO IN THE AFTERNOON/EVENINGS?

Each evening, we'll have a corporate worship and story sharing time together. Other down time can be spent making personal connections with those on the tour, or some may like to grab a guitar and play music. Others play board games or enjoy exploring the host cities.

WHAT HAPPENS WITH THE PHOTOS YOU TAKE?

As part of your registration fee, we provide you with high quality photos of the event (when available). These will be uploaded to Google Drive and a link provided to you after the ride is complete.

Cyclists

We are excited that you are cycling with us. For some, our cycling tours have been a physical challenge they accomplished. For others, our tours have served as a spiritual renewal. No matter what reason you want to participate with us, we want you to know that you are WELCOME!

#PRAYPEDALREPEAT

WHAT'S YOUR RIDE?

BREAKAWAY

Average Pace: 16+ miles per hour

If you are currently an avid cyclist, this group is for you. *Breakaway* focuses on riding hard and fast. *Breakaway* serves by leading – they are first to reach the destination and can serve by setting up the facilities for everyone else.

PACELINE

Average Pace: 14-15 miles per hour

This group is great for those who want to ride in a paceline formation but not a hammerfest. If heart rate Zone 2-3 is your thing, this group is for you.

JOURNEY LOVERS

Average Pace: 12-13 miles per hour

“It is not about the destination, but the journey to get there.” This group has a focus on fellowship. The group is a balance of challenging your physical endurance while also making the best use of time of being together in fellowship with other followers of Christ riding for the same cause.

SEE GROUP “SEE TRAIN”

Average Pace: 10-11 miles per hour

There are many sights to see on your ride through Idaho. *See Group* is not about pedaling hard but rather taking in all of the sights along the way. *See Group* keeps a rather leisurely pace for all cyclists in its pack. If you are interested in intentionally completing only some of the miles each day, this is the group for you.

As IDBR2021 approaches, please let us know in which group you will feel comfortable. It's our recommendation no one changes groups unless absolutely necessary.

WELCOME TO THE ENDS OF THE EARTH CYCLING 10-WEEK TRAINING PLAN

The following training plans are designed to help you accomplish and enjoy our long-distance, multi-day tours.

The plan starts 10 weeks before the Ends Cycling tour with three days of low mileage rides to wake your body up. During the first few weeks, you may want to have a rest day between rides to allow your body to recover and strengthen. Then, each week, the workload gradually increases as you build endurance and strength. Starting in week 5, you should consider riding multiple days in a row, building up to riding 4 days in a row. On weeks 7-10, arrange your training schedule so you ride the day after your long ride. As you train, the number of multi-day rides is equally important to the mileage.

Contact us at endscycling@newinternational.org if you have questions.

BEGINNER TRAINING PLAN

Rider can ride 20 miles comfortably (12 miles per hour)

Week	Total Miles Per Week	Long Ride of the Week
01	55	25
02	65	30
03	85	35
04	95	40

FAQS

HOW MUCH MONEY DO I NEED TO RAISE?

We want to challenge you with a pledge of \$1000. We require a minimum of \$500. This money is vital as it has a direct impact on youth around the world. EndsCycling.com/fundraisingtoolkit

CAN I WEAR MY OWN JERSEY DURING THE TOUR?

As a Cyclist, we provide you with a sweet custom cycling jersey by Primal Wear. We highly recommend wearing your new Ends of the Earth Cycling® jersey the whole tour. Wearing your Ends Cycling jersey every day honors our partners well.

While on tour, our Support Staff will wash all of your cycling clothing every night with fragrance/dye free soaps. *However, you must get your jersey/shorts/etc in the laundry-bin no later than 1 hour after the last cyclist arrives.* If you do not get your gear in on time, you'll have to wash it yourself.

CAN MY SPOUSE AND KIDS COME ALONG?

Absolutely. They just need to work out their own food, lodging and transportation. We love for families to get involved together! A parent is expected to be present during the whole week. Children 12 and under are free, and we recommend that children under age 15 participate in a Support Staff role.

WHAT WILL WE DO IN THE AFTERNOON/EVENINGS?

Each evening, we'll have a corporate worship and story sharing time together. Other down time can be spent making personal connections with those on the tour, or some may like to grab a guitar and play music. Others play board games or enjoy exploring the host cities.

WHAT IF I CAN'T FINISH THE DAY?

No worries! Training for the events is important, but an Ends Cycling event is not a race. Our rides are fully supported, and you are welcome to hang up your bike and ride in your support vehicle as often as needed.

WHAT HAPPENS WITH THE PHOTOS YOU TAKE?

As part of your registration fee, we provide you with high quality photos of the event (when available). These will be uploaded to Google Drive and a link provided to you after the ride is complete.

Global youth Ministry

The U.S. has 90% of the world's youth ministry resources, and only 4% of the world's youth. We believe everyone deserves the same access to the Gospel, and we're willing to go to the ends of the earth to see that vision fulfilled by the power of Christ.

Idaho to the Philippines

DEAR CYCLISTS AND SUPPORT STAFF

You have made an important decision and one that has the potential to transform lives of young people around the globe. While it may seem like you have signed up to ride or support, you have actually joined with a family that is not only touring Idaho, but leading the church and its communities in promoting and facilitating ministry to the youth of the world in Jesus' name.

We are Ends of the Earth Cycling®, a ministry of New International (New Int'l). We believe that through unique opportunities like the Idaho Bike Ride, you are being empowered to tell the story and provide resources for some incredible global youth ministry efforts. This is one of several domestic tours this year that will impact the lives of youth around the world.

On this tour, you will be riding for the youth in The Philippines. Our beneficiary ministry there is called Wipe Every Tear. Here is a word from them:

"Wipe Every Tear is committed to bringing hope and healing in the lives of women trafficked in the sex trade in the Philippines. From safe places to call home, education through college, and holistic healing, women have the opportunity to have their lives fully restored.

Safe homes are an integral part of Wipe Every Tear's mission. These homes serve as places of safety where women are provided with all of the essentials for living, including a bed, food, and educational tools. Fully believing in holistic care, their medical and dental needs are also covered, as well as discipleship and counseling. This all-encompassing approach is crucial to healing and transformation.

Wipe Every Tear's hope is to utilize the prayers and funds raised from this tour to fund higher volume meal outreaches that will significantly increase the trust-building with girls who have been exploited by sex trafficking. We hope that they will choose freedom and move into our care as a result of this new, impactful facet of our ministry. Will you help us reach this goal and #PrayPedalRepeat for the women of the Philippines?"

Thanks for accepting the challenge to join our Ends of the Earth Cycling family, and bring hope to youth who live in both spiritual and physical poverty. Whether you completely understand it or not, you have been called to be a change agent, a messenger of God's love to the forgotten, and a spokesperson for the voiceless. Each pedal stroke or step you take serves as a brick in the foundation of their future.

God bless you for your investment, sacrifice, and passion to make a difference in the world. We pray that as you train and share with others about this project, you will be safe, healthy, and bold to live out the gospel of Jesus Christ in word and deed.

FUNDRAISING TOOLKIT

There are many effective fundraising activities you may want to consider, either as an individual or as a group. Here is a short list of support raising ideas people have done in the past:

- Write a SUPPORT LETTER and pass it out to your friends! Just tell the story, and ask! See our sample support letter.
- Talk to your Missions Board, use their facilities for hosting an event, share your story during service, hang up fliers, see if others will give towards your pledge.
- Instead of Birthday or Wedding gifts ask your friends and family to give toward Global Youth Ministry!

FOR MORE IDEAS PLEASE VISIT
www.EndsCycling.com/fundraisingtoolkit

STEPS TO WRITING A SUPPORT LETTER

1. Introduction – begin with a good opening sentence that catches potential donors' attention, then share one or two brief sentences of personal information
2. Share a brief personal story about what God is doing in your life and/or what has inspired you to participate in the IDBR, and state the purpose of your project.
3. Describe how their gift is a part of the greater picture of the Kingdom – share specific details about the project (location, dates, etc.) and explain your hopes for God to transform lives through their giving. Communicate with excitement.
4. Present your need – Explain your need for both financial and prayer support. Do not be timid, but do be tactful. Be sure they feel like a partner in your ministry, not just a contributor to it. Always be specific about the amount you need and when you need it. Make sure this is several weeks before the actual deadline. You may also want to suggest specific amounts for them to give, such as the sponsorship levels listed on the next page.
5. Follow-up Plans – Tell the donor of follow-up plans you have. These may include a follow-up letter after the ride, a phone call and/or personal visit before the ride to explain the goals in more detail. If you tell them you will call soon, be sure to do it.
6. Closing – Thank them ahead of time for their friendship and for considering sponsoring you.
7. Personal Signature
8. Handwritten addition – This should always be included if you are using any type of a form letter. It should be brief but personal.

All money is donated to New International and applied toward the specific project. Should reasons beyond your control prevent you from going, received funds will still be used for the project.*

For more information on how donations are used, visit
www.EndsCycling.com/donation-info

Please give New Intl ample time to process donations. It may take up to seven days for donations to process and post.

We cannot process checks made out to you. Please have all checks made out to New Intl.

Donation receipts are always sent out to the person whose name is on the check.

We do not recommend using other crowdfunding sites. More about this at EndsCycling.com/faq

Do NOT send cash in the mail. Please send a money order in place of cash.

Email Brian Burgan at bburgan@endscycling.com if you have any questions
